SOCIETY FOR PSYCHICAL RESEARCH

31 TAVISTOCK SQUARE • LONDON • WC1

The purpose of the Society for Psychical Research, which was founded in 1882, is to examine without prejudice or prepossession and in a scientific spirit those faculties of man, real or supposed, which appear to be inexplicable on any generally recognized hypothesis. The Society does not hold or express corporate views. Any opinions expressed in its publications are, therefore, those of the authors alone.

The Council desire that material printed in the Society's publications shall be put to the fullest possible use by students of psychical research. Permission to reproduce or translate material published in this *Journal* must, however, first be obtained from the Society and from the author. Applications should be addressed to the Editor in the first instance.

CONTENTS

NOTE: Roman numerals and dates in brackets, e.g. iii (May 50), refer to the Supplements to the *Journal* which were issued, to Members only, from September 1949.
